| | Requirement | ACE shall accommodate the filing of aggregate data either on a weekly or monthly basis by approved filers. Zones shall have the flexibility to structure the IASS or weekly admission in a manner that comports with their business practices. | Text |
| | Business Need | Filers should have the ability to transmit rolled-up data by tariff/country of origin or other differentiating variables covering activity during all or part of a month. To the greatest extent possible, the IASS or weekly admission will use the same fields to ensure uniformity of data treatment. | |
| | Technical Need | | |
| | Benefits | Reduce the frequency of transmissions and volume of data transmitted by the filer and processed by Customs. The filer would also be able to validate data prior to filing thereby reducing the number of post-filing changes. | |
| | Risks | Statement of the risks (i.e., negative consequences to the source organization) of not implementing this requirement | |
